## **ROAD FORMAN REPORT:**

- Road crews are doing cleanup work & cleaning edge of road.
- Backhoe is working well.
- Truck (#1) is in the shop. The shop is still testing to see what happened.
- Wayne has inquired about a new truck to replace Truck (#1). He has quotes on a couple that are about the same size as what we have, which are just regular consumer trucks. The problem is that Truck (#1) was a little too small for the winter we had this year. Wayne thinks that we should go to a mid-size commercial truck. Figures to get more life out of the commercial truck. Working on a decision soon.
- Future needs: Going to need four new tires for the grader.
